

MUNDUM COMMUNITY NEWSLETTER JUNE 2024

Hello dear Mundum Community,

We are delighted to share that our universe has now been thriving for 25 months, during which we've seen incredible growth. A major milestone is the successful launch and steady growth of the Munshare Token, now listed on the DEX (Decentralized Exchange, e.g., Uniswap), establishing itself as a critical partner token and a powerful liquidity tool for our community.

Starting in July, we will specifically offer our members outside of Germany a regulated bank account and a debit/credit card. This service, provided in cooperation with Mondogate, is tailored to enhance the flexibility and accessibility for our international community members.

But also on a personal level, we have seen many new friendships, business cooperations, and network growth, as well as numerous events that have strengthened our connections.

A special highlight has been and continues to be the tour of our "Astronaut," Doc Michael, who started four weeks ago in Cologne and has traveled through Berlin and Frankfurt to Amsterdam. Equipped with nothing more than a scan code, he has drawn increasing attention on his journey. This inspiring and market-strategic journey will continue for Doc Michael in the coming months and expand globally to enlarge our network and the influence of our tokens on a global scale.

We have deliberately refrained from involving the press early on, but interest has been sparked, and we plan to officially communicate with the media over the summer. Our next major goal is to expand internationally and strengthen our presence in countries like France, Italy, Spain, and eventually overseas. Doc Michael has the crucial task of making the light of our small but growing community shine brighter. The more Munshare Tokens are acquired on the DEX, the higher their value will rise. We are confident that we will surpass our previous successes.

Our websites, including Mundum-World.com, are getting a new design to keep up with constant changes. Our progress is evident not just online but also in the real world, where we have advanced from being golf novices to earning a deserving handicap that allows us to compete in tournaments.

lease stay tuned for the upcoming updates on our community platforms and various channels such as WhatsApp and YouTube. The next big event is scheduled for September, just before we take the next major step to enhance the value of our tokens.

We guarantee that the value of the Mundum Token will rise to 2.40 Swiss Francs by the end of October. The Munshare Token will then be tasked with captivating the crypto world. The more attention it garners, the more stable its value will be.

In the coming days and weeks, expect exciting news and presentations in the form of films and online campaigns that will show you how proud we are of our project and how your participation and support are crucial to our success.

Stay tuned, be ready, and take care.

We look forward to continuing to expand and strengthen our universe with you.

Please note that Member Coins will be distributed in July and August. More details will be available soon at "Mundum-world.com/member-coin." We will be contacting you personally about this.

Your Mundum Community

BLACK FRIDAY

Exclusive Black Friday Deal for Community Members - Secure Your Tokens on July 19, 2024!

Dear Community,

We are excited to announce our first Black Friday event on July 19, 2024! On this special day, as our valued community members, you will have the exclusive opportunity to purchase tokens at a one-time price of 0.50 CHF each. As a special thank you for your commitment and loyalty, we are offering you a tiered bonus action:

One-year holding period: Receive double the number of tokens purchased.

Three-year holding period: Receive three times the number of tokens purchased.

Five-year holding period: Receive five times the number of tokens purchased.

Here's how it works:

Purchase your tokens on July 19, 2024.

Choose the duration of the holding period: 1, 3, or 5 years.

Benefit from the bonus action according to the chosen holding period!**

Additionally, we would like to inform you about the Munshare Token, whose value you can increase through regular purchases. By buying Munshare Tokens in variable amounts - whether 5, 10, 50, or even 500 euros - you can actively contribute to increasing the price and thus the value of your investments.

Need support or more information?

No problem! If you need help with the purchase or have further questions, we are here to assist you. Contact us, and we will explain everything else over the phone or by email.

Let's make this Black Friday a day to remember and invest together in a profitable future!
